

December 18, 1986

Ladies and Gentlemen:

You or your company have been identified as a member, or a potential member, of the Sheridan Site Committee. Enclosed for your signature is the final version of the Administrative Order on Consent (Order) concerning the Sheridan waste disposal site near Hempstead, Texas. This version is the result of extensive negotiations between Region 6 and the U.S. Environmental Protection Agency (EPA) and the Sheridan Site Committee (SSC). The Order addresses remedial investigation activities and feasibility study reports for the source control and groundwater migration management operable units at the Sheridan site. The Order is issued pursuant to Section 106(a) of the Comprehensive Environmental Response Compensation and Liability Act (CERCLA), 42 USC, §9606(a) as amended by the Superfund Amendments and Reauthorization Act (SARA) and by Section 7003 of the Resource Conservation and Recovery Act (RCRA) 42 USC §7003, as amended.

If you wish to enter into this agreement with EPA, you must sign this Order as it has been sent to you in this letter. Any comments, modifications, or clarifications of any kind made on or to this Order will be considered to be a rejection of the proposed agreement and a decision on your part not to enter into the agreement.

Mr. Larry B. Feldcamp, Chairman of the Sheridan Site Committee, has contacted you, or will be contacting you soon, to explain the conditions for membership in the Sheridan Site Committee. If you have not heard from him, you may want to call him at (713) 229-1573. As this Order has been negotiated by EPA and the SSC, you must be a member of the SSC to enter into the agreed Order. As the SSC has already conducted and is conducting extensive investigations at the Sheridan site, and as the required investigation of the site is costly and needs to proceed in an orderly and timely fashion, EPA will not enter into a series of agreed orders with individual companies who are not members of the SSC to conduct work at the site.

In order to facilitate the final entry of the Order, we are requesting that if you wish to participate in the agreement that you send the signed copy to the following address:

Be sure to make a photocopy of the signed copy and retain it for your records. You must send the signed copy to Mr. Feldcamp no later than Monday, January 12, 1987. Mr. Feldcamp will then forward the signed copies to EPA by Thursday, January 15, 1987. Do not send your signed copy directly to EPA.

In order to aid you in your decision, I have enclosed a list of the individuals or companies receiving this letter. As we can not identify all of the respondents prior to receipt of the signatures, you will be sent a list of the respondents, Attachment A to the Order, after we have received the signatures and prior to the entry of the Order by the Region 6 Regional Administrator. It is anticipated that the Order will be entered on or about February 2, 1987.

If you have any questions for EPA, please call me at (214) 767-5234 or Pamela Phillips at (214) 767-9982.

Sincerely,

Ruth Izraeli  
Remedial Project Manager
